Dear Chamber Member,

**Electric prices have been skyrocketing for many commercial AES Ohio customers on the standard offer rate.** These rates have increased and will continue to remain high until June of 2023. Take advantage of the Chamber Energy Program today to see if you could be saving money on your electricity costs!

*Applies to rate codes 117 and 137. Estimates are based on September 2020, September 2021, and September 2022 PTC rates.*

As a leading voice and trusted partner for the business community, the Trotwood Chamber of Commerce has in place an established energy cost-saving program - the Chamber Energy Program. This trusted program is administered by Community Energy Advisors and is being offered by over 140 chambers across the state of Ohio.

**If you believe you might be overpaying on your electric bills and would like to find out if you could be paying less, simply grab a recent copy of your electric bill, fill out the bill review request form, and return both to [billreview@ceateam.com](mailto:billreview@ceateam.com).** Please note that savings are not guaranteed, and actual savings will vary, but we will work to give you the available options to potentially lower your electricity bill! If you have any questions, please call the Chamber Energy Program at 330-409-7892.

Sincerely,

Marie Battle
